

## Trustee Opportunity

Help shape the future of Community Health and Wellbeing

The Alice Cross Centre is a vibrant community centre in the heart of Teignmouth dedicated to improving health, reducing isolation, and supporting wellbeing in our local area. We deliver impactful services that help people stay active, connected, and independent.

### Recent achievement

We are proud to have recently secured funding from The National Lottery Community Fund. This significant investment recognises the impact of our work and will help us strengthen our services, expand community activities, and support more local people to improve their health and wellbeing. Our new Trustees will play an important role in helping us maximise this opportunity and shape our next stage of development.

We are now seeking new Trustees to join our Board and help guide the next phase of our development.

### About us

The Alice Cross Centre provides a welcoming space where local people can access activities, advice, and social connection. From wellbeing activities to hot and frozen meals and community events, we are committed to tackling loneliness and promoting healthier, happier lives.

### The Role of a Trustee

- Provide strategic oversight and direction
- Ensure good governance and financial sustainability
- Support and challenge the leadership team constructively
- Act as an ambassador for the Centre within the community

Trustees attend approximately 6 board meetings per year plus occasional subcommittee or strategy sessions. This is a voluntary role, but expenses are reimbursed.

### We are particularly interested in

- Finance or accountancy experience (potential Treasurer role)
- Health & social care / NHS background
- Fundraising or income generation
- HR or people management
- Community engagement or partnerships

We strongly encourage applications from local residents, people under 40, individuals with lived experience of community services, and those from underrepresented backgrounds.

No previous trustee experience is required.

Training will be provided via the NCVO and in house.

### Why join team Alice?

- Make a tangible difference to local people's lives
- Use your professional skills for community good
- Gain board-level experience
- Be part of a committed and supportive team
- Help shape the future sustainability of a valued local charity

### Time Commitment

Approximately 6 meetings per year (2 hours each), plus occasional additional events or strategic sessions. Preparation time is flexible.

### How to apply:

Please send a short expression of interest (maximum 1 page) and a brief CV or LinkedIn profile to:

Peta Howell

General Manager
